Club vs. Team – What's the difference?

Club = once a week for 3 hr. Includes workshops, learning, refining last years robot, developing robot platforms, Safety, Grant writing, Fund Raise

Team = commitment to Build and Competition Seasons – intense, lengthy, but rewarding; Demonstrations and Summer Camp Staff; Leadership. Testing their so called metal.

Student commitment to Team = Time commitment & dedication

Recommended hours for Team members = recommended 80 hrs for the month and a half/ 6weeks.
(150+ available)

Saturdays MANDATORY for leaders up until Bag and Tag. Feb 21st.

Exceptions: illness/other arrangements made w/Coach prior to time missed

Grades must be C or better (homework, time mgt., character building) **Parent monitored**, Coach supported.

Unparalleled skills learned, incomparable scholarship opportunities, unmatched experience and observable personal growth.

We are not basing on time commitment, we are basing position on team by task completion and level of tasks given. Leaders and Mentors review at end of season.

Bottom Line – How much does it cost?

Robotics is not inexpensive, yet not any more than a varsity sports team.

Training/Education = priceless! One WV Team charges over \$700. We will be charging half that, \$425 per student. (Depending on how good your students do).

Club Fee \$30 – is overdue if haven't paid; safety glasses, club t-shirt needed for KO & demonstrations, workshop supplies, tools, repair costs.

FRC Team Fee \$425 – due December 14/18; Team shirt, Team jacket, tools, supplies, Mentor t-shirts + jackets, lunches at competitions.

Financial Aid/Scholarships + payment schedules – see Coach Blodgett or Mr.

Hendel. But extra participation in fundraising mandatory even if paying full amount in payments.

Oregon City and Lake Oswego are mandatory (All days) No travel.

TRAVEL IS OPTIONAL: District will not cost this year. No travel.

Houston Texas trip \$1100 – \$1300 due April 6 (non-refundable air fare, hotel, food, transportation, sightseeing, Chaperone and Mentor contribution)

Fundraising – Will need \$\$\$ to get FA Students, Chaperones and Mentors to Houston in April.

Communication – How is it done for over 30 per team students?

Currently use Slack

Give Bob or Neal your email.

Download the free app. Setup self and then we will invite you.

Or email

Please check your Spam or Junk mail as due to the number of team members on distribution lists it sometimes is put in those areas.

Volunteer Opportunities (more than one person can do together):

Mentors: engineering, programming, business, PR, animation, SPIRIT, to name a few. SAFETY monitor most important job after school. Some companies donate \$\$ for your volunteer time, so please submit for this. We need all we can get.

Clothing Coordinator: t-shirt order & disbursement; jacket order, purchases, embroidery & disbursement to Mentors and Students

Fundraising: Kevin Cheung is Chairperson/Coordinator – need another person to learn and take over from him

Students stay focused and engaged, provide Safety help in shop as needed

Chaperones: primarily for travel; we have a 3:1 student/chaperone ratio; only pay 1/2 of travel costs; free if students do sufficient fund raising NOW.
